

# Imagining Tomorrow: Alternate Energy Futures™

A Short Story Contest for Massachusetts High-school Students

Presented by NESEA  Northeast Sustainable Energy Association

## *About the Author* – Mitsuteru (Terry) Irie, “The Spiritual Revolution”

Mitsuteru (Terry) Irie is 18, and a junior at Northfield Mount Hermon School, a private school in Northfield, MA.

He writes: My name is Mitsuteru(Terry) Irie. I was born in Japan, and grew up in Tokyo until the age of thirteen. I moved to New Jersey, and lived there for few years and now I attend Northfield Mount Hermon School.

I strongly believe that world would be a better place, and eventually reach the ideal state of peace. I also believe that significant change will occur in my lifetime because I am part and cause of that big change. I believe that future is blight because I will make the future that is filled with hope. I believe in human beings.
